Bus Company** ("**Vendor**").

RECITALS

- A. The Board desires that Vendor render certain student transportation services to the Board's Department of Student Transportation Services ("**STS**") for students enrolled in the following programs:
- Special Education (ambulatory and non-ambulatory) attending CPS facilities within the City of Chicago,
 - Special Education (ambulatory and non-ambulatory) attending non-CPS facilities in and around the City of Chicago,
 - Students in Temporary Living Situations,
 - Alternative School programs,
 - Other Programs as may be authorized by the Board's Executive Director of Transportation, and/or
 - Field Trips.
- B. Vendor has demonstrated expertise in providing such services, has represented that it has the requisite knowledge, skill, experience and other resources necessary to perform such services and is desirous of providing such services for the Board.

NOW, THEREFORE, in consideration of the foregoing and the mutual covenants contained herein, the parties hereby agree as follows:

1. **Incorporation of Recitals:** The matters recited above are hereby incorporated into and made a part of this Agreement.
2. **Term and Option to Renew:**
 - A. **Term:** This Agreement is for an initial term commencing on the Effective Date first set forth above and continuing through July 31, 2020 ("**Term**"), unless terminated sooner as provided herein.
 - B. **Options to Renew:** The parties shall have two (2) options to renew for a 1-year period each.
3. **Scope of Services:** Vendor agrees to provide student transportation services which shall include vehicles, equipment, materials, labor and other required services as set forth on Exhibit A ("**Services**"), in accordance with the terms and conditions of this Agreement. "Services" means, collectively, the services, deliverables, duties and responsibilities described in Exhibit A of this Agreement and any and all work necessary to complete them or carry them out fully and to the standard of performance required in this Agreement. The Board retains final authority with respect to all Services related decisions. The Board may, from time to time, request changes in the scope of Services during this Term. Any such changes must be documented in writing and signed by an authorized representative of each party hereto. Any material changes, including any increase or decrease in Vendor's fees, shall be subject to Board approval and documented by a written amendment to this Agreement signed by both parties.
4. **Maximum Compensation, Invoicing and Payment:**

This Agreement will be posted on the CPS internet website.

- A. Maximum Compensation: Compensation for Services during the Term shall be payable to the Vendor in accordance with the schedule and method as set forth in the "Pricing for Services Exhibit", which is attached hereto and incorporated herein as Exhibit B. During the Term of this Agreement, the total aggregate compensation payable by the Board to all vendors for these Services, inclusive of any reimbursable expenses, may not exceed the amount authorized by Board Report 17-0322-PR10 as it may be amended. The Board is not required or obligated to pay, and will not pay, for any provision of Services not in compliance with this Agreement. Compensation shall be based on actual Services performed during the Term and the Board shall not be obligated to pay for any Services not in compliance with the Agreement. In the event of early termination of the Agreement, the Board shall only be obligated to pay the fees incurred up to the date of termination. In no event shall the Board be liable for any costs incurred or Services performed after the effective date of termination as provided herein.

All reimbursable expenses, if any, must be specifically identified in the Scope of Services. Except for reimbursable expenses specified in the Scope of Services, there shall be no additional reimbursement for expenses. All reimbursable expenses shall be in accordance with the maximum rates set forth in the Board's Policy on Reimbursement for Work-Related Expenses adopted on December 16, 2009 (09-1216-PO4) as amended from time to time. Vendor must submit original receipts and proof of payment that is acceptable to the Board for any and all claimed reimbursables at the time of invoicing. Canceled checks, debit, or credit card statement copies are considered as proof of payment. It is understood and agreed that the Board shall have the right to deny payment of any invoiced expense that is not substantiated by a paid receipt or some other proof of payment that is acceptable to the Board.

- B. Invoicing and Payment: STS uses an internal invoicing system to generate all Vendor Student Transportation Services invoices each month. STS has upgraded its billing system by moving to Oracle system which has impacted the way the billing structure works as explained below.

Billing will be based on the fixed fee plus the calculated loaded mileage for the run obtained from the Board's software system (Software driver directions). Calculated mileage will not be based on live miles (live miles: what actually happens during the run). Calculated mileage will be based on what the software routing system suggests as the planned mileage for the route and excludes the deadhead miles for the Vendor. Vendor is required to review their monthly invoices for correctness and return to STS with any recommended corrections within three (3) business days from the end of the invoiced month. STS will then complete the billing cycle on the 15th of each month. Recommended adjustments or corrections will be reviewed by STS for correctness and approval. The Board may elect, at Board's discretion, to process an invoice for the initial two (2) week period in September.

Payment will be made only for approved Services provided during the billing period. All payments of Vendor-invoiced amounts are subject to offset and reduction by the Board in accordance with the Events of Default and Remedies Sections and Liquidated Damages Section of this Agreement, any other pertinent provisions of this Agreement and the Board's Indebtedness Policy. Timely submissions of adjustments are critical to the function and accountability of the expenditures of STS.

All disputes or claims need to be identified within ninety (90) days after invoicing. No disputes or claims will be processed outside of this time frame.

Each route subcontracted must be identified, route by route, on the invoice for payment. Vendor must submit invoices for all routes assigned and operated, including all

This Agreement will be posted on the CPS internet website.

subcontracted routes. Nothing in this section creates any obligation on the part of the Board to pay or be responsible for the payment of any sums to any subcontractor.

Payment for field trip service or any other Service requested by Board personnel outside of STS will be the responsibility of the school or department unit or person(s) who originally ordered the Service. In such instances, Vendor shall invoice the school or department directly for these Services.

The Board shall not be obligated to pay for any Services not in compliance with the Agreement and the Scope of Services. All invoices are subject to audit and review by the Board, the Inspector General of the Board ("**Inspector General**"), and their duly authorized representatives.

Vendor must adhere to the following Billing and Payment Procedures:

- i. Billing and Payment Procedures: All invoices must be submitted electronically via email in PDF format to cpsinvoice@cps.edu. Each email may only contain one invoice and must include the Vendor name and the CPS Purchase Order number. All invoices must include:

- Vendor name and payment address
- Unique invoice number (determined by Vendor)
- Valid purchase order (only one PO number may be referenced on each invoice)
- Invoice date
- Itemized description of the Services rendered
- Date the Services were provided to CPS
- Detailed pricing information such as quantities, unit prices, discount and final net amount due.

Invoices shall be submitted in a timely manner. The final invoice shall be submitted no later than ninety (90) days after the expiration or termination of this Agreement. If Vendor has more than one contract with the Board, separate invoices must be submitted for each contract. The Board shall process payments in accordance with the Local Government Prompt Payment Act, 50 ILCS 505/1 et seq. The Board reserves the right to request additional information and supporting documentation necessary for the Board to verify the Services provided under this Agreement.

- ii. Electronic Payments: Vendor agrees that, upon mutual agreement of the parties, the Board may make payment electronically to Vendor for any and all amounts due to Vendor pursuant to this Agreement by means of the Board's procurement charge card account. Vendor recognizes that any charge to the Board's procurement charge card that is in excess of the open remaining amount as stipulated in the applicable purchase order, or any charge unaccompanied by the requisite documentation and data as required by the Board, shall be deemed invalid and disputed by the Board. Vendor further recognizes that, in the absence of any supporting documentation as may be required by the Board, payments associated with disputed charges shall be rescinded by the Board and deemed not owed by the Board. Vendor agrees to comply with the rules, procedures and documentation required for electronic payment via the Board's procurement charge card as established by the Board's Department of Procurement.

This Agreement will be posted on the CPS internet website.

5. Performance Bond, Surety Company:

- A. Performance Bond: Vendor, at its own expense, shall furnish performance security in the form of a bond in an amount sufficient to insure the fulfillment of the Agreement within seven (7) business days following the Effective Date of the Agreement. Upon the Effective Date of the Agreement, and annually thereafter during the Term of the Agreement (and any renewals thereof, if any), Vendor shall enter into and file with the Board a performance bond covering the entire contract year. The performance bond shall be a fifty percent (50%) of the annual revenue for the first year, and 25% of the annual revenue in the subsequent years to ensure the fulfillment of the Agreement. If for any reason Vendor provides twenty-five percent (25%) more Services than the amount of Services upon which Vendor's performance bond was originally computed, Vendor shall furnish the Board with an increase rider to its performance bond for the balance of performance security due hereunder. Vendor shall provide the increase rider within fourteen (14) calendar days of request by the Board.

The Board reserves the right to identify and require alternate performance security requirements during the Term of this Agreement. The Board's Chief Procurement Officer ("CPO") will notify Vendor in writing of any such alternate performance security requirement approved by the Board and the terms related thereto. Notwithstanding the foregoing, all performance bid provisions herein are subject to the requirements of the Board, as well as local, state and federal laws and regulations.

- B. Surety Company: In order to comply with the Performance Bond Section hereinabove, Vendor must use a responsible surety company listed on the U.S. Treasury List of Approved Sureties, with an *AM Best* rating of A⁺ Class VII or better, and licensed to do business in the State of Illinois to issue and sign bid bonds, and the performance bonds of the type required hereunder by the Board. In the event that a surety is downgraded during the term of a bond and no longer appears on the U.S. Treasury List of Approved Sureties or is down-rated by AM Best, Vendor shall promptly supply the Board with a replacement bond issued by a surety that meets the surety qualification requirements stated herein.

6. Standards of Performance; Adequate Staffing:

- A. Standard Performance: Vendor shall devote, and shall cause all of its staff, agents and subcontractors to devote, such of their time, attention, best skill and judgment, knowledge and professional ability as is necessary to perform all Services effectively, efficiently and to the satisfaction of the CPO. This includes, but is not limited to, training staff on the use of Microsoft Excel and Oracle, how to communicate using email, or other applicable software and technology required by this Agreement. Vendor shall retain and utilize, as required by law or by the Agreement, professionals licensed to practice in the State of Illinois in the applicable profession. Vendor shall use efficient business administration methods and perform the Services in a professional and workmanlike manner in accordance with generally recognized industry standards for similar services and in an expeditious and economical manner consistent with the best interests of the Board, so as to assure, among other things, that the Services are performed at a reasonable cost to the Board and that Services performed by other entities or persons in connection with the Agreement are efficiently and cost-effectively delivered. Vendor acknowledges that, if in the course of providing Services hereunder, it is entrusted with or has access to valuable and confidential information and records of the Board, that with respect to that information, Vendor agrees to be held to the standard of care of a fiduciary. Any review, approval, acceptance of Services or deliverables or payment for any of the Services by the Board does not relieve Vendor of its responsibility for the professional skill, care, and technical accuracy of its Services and deliverables. Vendor shall remain responsible for the professional and technical accuracy of all Services, including any deliverables furnished, whether by Vendor or its subcontractors or others on its behalf. Vendor understands that it does not have the authority to represent or commit the

Board to any obligations hereunder without first obtaining approval from the Board or its designee.

- B. **Adequate Staffing:** Vendor must assign and maintain during the Term of the Agreement and any renewal of it, an adequate staff of competent personnel that is fully equipped, licensed as appropriate, available as needed, qualified and assigned to perform the Services. If the Board determines, in its sole discretion, that any employee, subcontractor or other person providing Services hereunder for the Vendor (i) is not performing in accordance with the performance standards or other requirements of the Agreement, or (ii) is endangering the safety or welfare of any student, the Board shall have the right to direct the Vendor to remove that person from performing Services under the Agreement. Vendor further agrees to bear any costs associated with the removal of such person.

7. **Non-appropriation:** Expenditures not appropriated by the Board in its current fiscal year budget are deemed to be contingent liabilities only and are subject to appropriation in subsequent fiscal year budgets. In the event no funds or insufficient funds are appropriated and budgeted in any subsequent fiscal period by the Board for performance under this Agreement, the Board shall notify Vendor and this Agreement shall terminate on the earlier of the last day of the fiscal period for which sufficient appropriation was made or whenever the funds appropriated for payment under this Agreement are exhausted. Payments for Services completed to the date of notification shall be made to Vendor except that no payment shall be made or due to Vendor under this Agreement beyond those amounts appropriated and budgeted by the Board to fund payments under this Agreement.

8. **Early Termination; Suspension of Services**

- A. **Early Termination:** The Board may terminate this Agreement in whole or in part, without cause, at any time, by a notice in writing from the Board to Vendor in accordance with the notice provisions herein. The effective date of termination shall be thirty (30) calendar days from the date the notice is received or the date stated in the notice, whichever is later.

After notice is received, Vendor must restrict its activities and those of its subcontractors, to winding down any reports, analyses, or other activities previously begun. No costs incurred after the effective date of the termination are allowed. Payment for any Services actually and satisfactorily performed before the effective date of the termination is on the same basis as set forth herein in the provision regarding compensation and payment.

Vendor must include in its contracts with subcontractors an early termination provision in form and substance equivalent to this early termination provision to prevent claims against the Board arising from termination of subcontracts after the early termination of this Agreement.

Vendor shall not be entitled to make any early termination claims against the Board resulting from any subcontractor's claims against Vendor or the Board to the extent inconsistent with this provision.

- B. **Suspension of Services:** The Board may, upon fifteen (15) calendar day's written notice, direct Vendor to suspend Services in whole or part. Vendor shall promptly resume performance of Services upon written notice from the Board and upon such equitable extension of time as may be mutually agreed upon in writing by the Board and Vendor. Responsibility for any additional costs or expenses actually incurred by Vendor as a result of remobilization shall be determined by mutual agreement of the parties.

9. **Events of Default:** Events of default ("**Events of Default**") include, but are not limited to, any of the following:

This Agreement will be posted on the CPS internet website.

- A. Any material misrepresentation by Vendor in the inducement of the Agreement or the performance of the Services;
- B. Where Services include contact with students, any failure to comply with the Criminal History Records Check Section, in whole or in part;
- C. Breach of any term, condition, representation or warranty made by Vendor in the Agreement;
- D. Failure of Vendor to perform any of its obligations under the Agreement including, but not limited to, the following:
 - i. Action or failure to act that negatively affects the safety or welfare of students or Board staff;
 - ii. Failure to perform in accordance with the terms, conditions, and specifications of this Agreement;
 - iii. Failure to perform the Services with sufficient personnel or material to ensure the timely performance of Services;
 - iv. Failure to timely perform Services;
 - v. Failure to perform the Services in a manner reasonably satisfactory to the Chief Procurement Officer of the Board;
 - vi. Failure to promptly re-perform Services that were rejected by the Board as incomplete or unsatisfactory within a reasonable time and at no cost to the Board;
 - vii. Discontinuance of the Services for reasons within Vendor's reasonable control;
 - viii. Unauthorized action by Vendor to subcontract, encumber, assign or transfer the Agreement, either in whole or part other than as specified in the Agreement; or
 - ix. Failure to comply with any term of this Agreement including, but not limited to, the provisions concerning insurance and nondiscrimination and any other acts specifically stated in this Agreement constituting an Event of Default.
- E. Default by Vendor under any other agreement Vendor may have or may enter into with the Board;
- F. Assignment by Vendor for the benefit of creditors or consent by Vendor to the appointment of a trustee or receiver or the filing by or against Vendor of any petition or proceeding under any bankruptcy, insolvency or similar law.

10. Remedies: The Board in its sole discretion may declare Vendor in default if the Vendor commits an Event of Default. The Chief Procurement Officer may in her or his sole discretion give the Vendor an opportunity to cure the default within a certain period of time (the "**Cure Period**"). The Chief Procurement Officer shall give the Vendor written notice of the default either in the form of a cure notice ("**Cure Notice**") or, if no opportunity to cure is granted a default notice ("**Default Notice**"). If the Chief Procurement Officer gives a Default Notice stating that he/she has decided to terminate this Agreement, in whole or in part, then that decision is final and effective on giving of the notice or on the date set forth in the notice, whichever is later. The Chief Procurement Officer may give a Default Notice if Vendor fails to effect a cure within the Cure Period, or, in the event that the default cannot be cured completely within the Cure Period, Vendor fails to begin reasonable efforts to effect a cure within the Cure Period. If the Chief Procurement Officer decides not to terminate, then she or he may decide at any time thereafter to terminate this Agreement in a subsequent Default Notice.

This Agreement will be posted on the CPS internet website.

Vendor must discontinue all Services unless otherwise specifically directed otherwise in the Default Notice, and Vendor must deliver to the Board all materials prepared or created in the performance of this Agreement, whether completed or in-process.

The Board may invoke any or all of the following remedies upon an Event of Default:

- A. The right to take over and complete the Services or any part thereof, by contract or otherwise as agent for and at the cost of Vendor, either directly or through others. Vendor shall be liable to the Board for any excess costs incurred by the Board. Any amount due Vendor under this Agreement or any other agreement Vendor may have with the Board may be offset against amounts claimed due by the Board.
- B. The right to terminate this Agreement, in whole or in part, as to any or all of the Services yet to be performed, effective at a time specified by the Board.
- C. The right to suspend the performance of Services during the Cure Period if the default results from Vendor's action or failure to act which affects the safety or welfare of students or Board staff. In the event that Services are resumed, Vendor shall not be entitled to seek reimbursement from the Board for any additional costs or expenses incurred as a result of remobilization.
- D. The right to specific performance, an injunction, or any other appropriate equitable remedy.
- E. The right to money damages.
- F. The right to withhold all or part of Vendor's compensation under this Agreement for any and all damages incurred as a result or in consequence of an Event of Default.
- G. The right to deem Vendor non-responsible in future contracts to be awarded by the Board, pursuant to the Board's Debarment Policy (08-1217-PO1), as may be amended.

The Board may elect not to declare the Vendor in default or may elect not to terminate this Agreement. If the Board permits the Vendor to continue to provide Services despite one or more Events of Default, the Vendor is not relieved of any responsibilities, duties or obligations under this Agreement or of consequences of the Events of Default, and the Board will not be deemed to have waived or relinquished any of the rights it has to declare an Event of Default in the future.

The remedies under the terms of this Agreement are not intended to be exclusive of any other remedies provided, but each remedy is in addition to any other remedies, existing now or hereafter at law, in equity, or by statute. No Board delay or omission to exercise any right or power accruing upon the occurrence of any Event of Default shall be construed as a waiver of any Event of Default or acquiescence thereto, and each right and power of the Board may be exercised from time to time and as often as may be deemed by the Board to be expedient.

If the Board's election to terminate this Agreement for default is determined by a court of competent jurisdiction to have been wrongful, then the termination is deemed to be an early termination as described in the Early Termination Section.

- 11. Turnover of Documents and Records.** Upon demand of the Board after termination of this Agreement for any reason or the expiration of this Agreement by its terms, Vendor shall turn over to the Board or its designee within five (5) days of demand, all materials, supplies, equipment owned or purchased by the Board, completed or partially completed work product or analyses, data, computer disks, documents and any other information relating in any way to this Agreement or the performance or furnishing of Services, except that Vendor may keep a copy of such information for its own records.

This Agreement will be posted on the CPS internet website.

12. Assignment and Subcontracting Procedures:

- A. Assignment: This Agreement shall be binding on the parties and their respective successors and assigns, provided however, that Vendor may not assign this Agreement or any obligations imposed hereunder without the prior written consent of the Board.
- B. Subcontracting Procedures: Vendor may not subcontract any Services or routes awarded under this Agreement without the prior written consent of the Board, which consent shall be at the sole and absolute discretion of the Board. Requests to subcontract routes or buses must be submitted in writing by the primary Vendor to STS not less than thirty (30) calendar days prior to the desired start date of such subcontract. The Vendor may subcontract no more than ten percent (10%) of the total routes awarded and/or assigned.

Vendor is responsible to the Board for the performance of its subcontractor(s). Subcontracting does not release the Vendor from any responsibilities or requirements stated in this Agreement or any written or oral instructions given by STS. Vendor shall ensure that its subcontractors agree to and comply with the terms, conditions and requirements of this Agreement including, but not limited to, all city, state and federal laws and regulations. However, these terms shall not be construed as creating any contractual relationship between the Board and any subcontractor, nor creating any responsibility by the Board regarding any subcontractor.

The Board will not grant approval of a subcontractor if the Vendor fails to furnish STS with sufficient information and documentation to determine a subcontractor's operational readiness and agreement to comply, and their actual compliance with, the provisions of this Agreement. Routes will not be approved for subcontracting by the Board if efficiency is reduced and the cost to the Board is increased.

- 13. **Notice of Legal Action:** Vendor must notify the Board immediately in writing when any legal action is taken against the Vendor which might preclude or prevent the Vendor from meeting or might affect the Vendor's ability to meet all obligations under this Agreement or when the Vendor is involved in any bankruptcy or related action.

14. Confidential Information; Dissemination of Information; Injunctive Relief; Press Releases, Publicity, Board Intellectual Property; Survival:

- A. Confidential Information: In the performance of this Agreement, Vendor may have access to or receive certain information that is not generally known to others ("**Confidential Information**"). Vendor acknowledges that Confidential Information includes, but is not limited to, proprietary information, copyrighted material, educational records, student data, employee data, information relating to health records, and other information of a personal nature. Vendor shall not use or disclose any Confidential Information or any finished or unfinished, documents, screens, reports, writings, procedural manuals, forms, source code, object code, work flow charts, methods, processes, data, data studies, drawings, maps, files, records, computer printouts, designs, equipment descriptions, or other materials prepared or generated as a result of this Agreement ("**Work Product**") without the prior written consent of the Board. Vendor shall use at least the same standard of care in the protection of the Confidential Information of the Board as Vendor uses to protect its own confidential information, but in any event such Confidential Information shall be protected in at least a commercially reasonable manner. Notwithstanding the foregoing, it is understood and agreed that such protection of Confidential Information shall be subject to the special requirements of the Illinois School Student Records Act and the Family Educational Rights and Privacy Act, both as set forth in Section 16.A. (Compliance with Laws). Upon the expiration or termination of this Agreement, Vendor shall promptly cease using and shall return or destroy (and certify in writing destruction of) all Confidential Information furnished by the Board along with all

copies thereof in its possession including copies stored in any computer memory or storage medium.

- B. Handling of Confidential Information: Vendor shall protect against the unauthorized access, use or disclosure of Confidential Information by employing security measures when handling Confidential Information that are at least as safe as the following:
- i. When mailing physical copies of Confidential Information, send the Confidential Information in a tamper-proof, labeled container, with a tracking number and a delivery confirmation receipt;
 - ii. Encrypt all Confidential Information stored on portable or removable electronic media, such as CDs, DVDs, electronic tape, flash drives, etc.. Encryption must utilize the Advanced Encryption Standard ("AES") algorithm with a key of 256 bits or greater ("Encrypt"). Confidential Information stored in any portable or removable electronic media shall only be mailed in accordance with the provisions of Section 14.B.i above;
 - iii. Vendor shall not send with Encrypted Confidential Information, via mail or electronically, any password or other information sufficient to allow decryption;
 - iv. Vendor shall not leave Confidential Information in any medium unsecured and unattended at any time;
 - v. Vendor shall keep all physical copies (paper, portable or removable electronic media, or other physical representations) of Confidential Information under lock and key, or otherwise have sufficient physical access control measures to prevent unauthorized access;
 - vi. Vendor shall password protect any laptop or other electronic device that contains Confidential Information. Additionally, any laptop or other electronic device that contains Confidential Information shall have its full hard drive Encrypted. Vendor shall not leave any laptop or other electronic device unattended without enabling a screen-lock or otherwise blocking access to the laptop or other electronic device. Vendor shall ensure that no password or other information sufficient to access a laptop or electronic device containing Confidential Information is attached to or located near the laptop or other electronic device at any time.
 - vii. Vendor shall secure the Confidential Information stored on its systems, including but not limited to any servers, by employing adequate security measures to prevent unauthorized access to that information. These measures include policies, procedures, and technical elements relating to data access controls. In addition, Vendor shall use standard security protocols and mechanisms to protect the exchange and transmission of Confidential Information.
 - viii. Confidential Information shall be stored, backed up, and served only on servers based in the continental United States. The prior approval of the Board's ITS Program Manager or his/her designee for any hosting solution may be required.
- C. Dissemination of Information: Vendor shall not disseminate any Confidential Information and /or Work Product to any third party without the prior written consent of the Board. If Vendor is presented with a request for documents by any administrative agency or with a *subpoena duces tecum* regarding any Confidential Information and/or Work Product which may be in Vendor's possession as a result of Services provided under this Agreement, Vendor shall

immediately give notice to the Board and its General Counsel with the understanding that the Board shall have the opportunity to contest such process by any means available to it prior to submission of any documents to a court or other third party. Vendor shall not be obligated to withhold delivery of documents beyond the time ordered by a court of law or administrative agency, unless the request for production or subpoena is quashed or withdrawn, or the time to produce is otherwise extended.

- D. Injunctive Relief. In the event of a breach or threatened breach of this Section, Vendor acknowledges and agrees that the Board would suffer irreparable injury not compensable by money damages and would not have an adequate remedy at law. Accordingly, Vendor agrees that the Board shall be entitled to immediate injunctive relief to prevent or curtail any such breach, threatened or actual. The foregoing shall be in addition and without prejudice to such rights that the Board may have in equity, by law or statute.
- E. Unauthorized Access, Use or Disclosure of Confidential Information: If the Vendor becomes aware of any unauthorized access, use, or disclosure of the Confidential Information, it shall: (i) notify the Board immediately, which shall be no more than twenty-four hours from the Vendor receiving notice of the unauthorized access, use, or disclosure of the Confidential Information; (ii) take prompt and appropriate action to prevent further unauthorized access, use, or disclosure; (iii) cooperate with the Board and any government authorities with respect to the investigation and mitigation of any such unauthorized access, use, or disclosure, including the discharge of the Board's duties under the law; and (iv) take such other actions as the Board may reasonably require to remedy such unauthorized access, use or disclosure, including if required under any federal or state law, providing notification to the affected persons. Vendor shall bear the losses and expenses (including attorneys' fees) associated with a breach of Confidential Information including, without limitation, any costs: (1) of providing notices of a data breach to affected persons and to regulatory bodies; and (2) of remedying and otherwise mitigating any potential damage or harm of the data breach including, without limitation, establishing call centers and providing credit monitoring or credit restoration services, as requested by the Board. Vendor shall include provisions consistent with this Section in contracts with any subcontractors providing any Services under the Agreement.
- F. Press Releases; Publicity; Board Intellectual Property. Vendor shall not issue publicity news releases, grant press interviews, or use any intellectual property belonging to the Board, including but not limited to the CPS logo or the logos of any schools, during or after the performance or the delivery of Products and Services, nor may Vendor photograph or film within any CPS school or facility without the express written consent of an authorized representative of the Board.
- G. Employees, Agents and Subcontractors: Vendor agrees to cause its employees, agents and subcontractors to undertake the same obligations as agreed to by Vendor in the Agreement.
- H. Survival: The provisions of this Section shall survive the termination or expiration of this Agreement.

15. Ownership. Vendor agrees that, to the extent permitted by law, any and all Work Product shall exclusively be deemed "works for hire" within the meaning and purview of the United States Copyright Act, 17 U.S.C. 101§ *et seq.* To the extent any Work Product does not qualify as a "work for hire," Vendor irrevocably grants, assigns, and transfers to the Board all right, title, and interest in and to the Work Product in all media throughout the world in perpetuity and all intellectual property rights therein, free and clear of any liens, claims, or other encumbrances, to the fullest extent permitted by law. All intellectual property, Confidential Information, and Work Product shall at all times be and remain the property of the Board. Vendor shall execute all documents and perform all acts that the

This Agreement will be posted on the CPS internet website.

Board may request in order to assist the Board in perfecting or protecting its rights in and to the Work Product and all intellectual property rights relating to the Work Product. All of the foregoing items shall be delivered to the Board upon demand at any time and in any event, shall be promptly delivered to the Board upon expiration or termination of this Agreement within three (3) business days of demand. In addition, Vendor shall return the Board's data in the format requested by the Board. If any of the above items are lost or damaged while in Vendor's possession, such items shall be restored or replaced at Vendor's expense.

16. Representations and Warranties of Vendor: Vendor represents and warrants that the following shall be true and correct as of the Effective Date of this Agreement and shall continue to be true and correct during the Term of this Agreement and any renewal thereof:

- A. Compliance with Laws: Vendor is and shall remain in compliance with all applicable federal, state, county, and municipal, statutes, laws, ordinances, and regulations relating to this Agreement, as amended from time to time, including, but not limited to, the Prevailing Wage Act, 820 ILCS 130/1 et seq., the Drug-Free Workplace Act, the Illinois School Student Records Act, the Family Educational Rights and Privacy Act, the Protection of Pupil Rights Amendment and any others relating to non-discrimination. Further, Vendor is and shall remain in compliance with all Board policies and rules, as may be amended from time to time. Board policies and rules are available at <http://www.cps.edu/>.
- B. Licensing/Certification: Vendor is appropriately licensed/certified under Illinois law to engage in the type of business conducted under the scope of the professional license and the Agreement, and Vendor shall not engage in any business for which a professional license is required by law and for which Vendor, its employees, agents, or subcontractors, as applicable, are not appropriately licensed.
- C. Good Standing: Vendor, each of its members, if a joint venture or limited liability company, and each of its subcontractors, if any, have not been deemed by the Board's Chief Procurement Officer to be in default under any other agreement with the Board during the five (5) year period immediately preceding the Effective Date of this Agreement, and have not been debarred under the Board's Debarment Policy during the three (3) year period immediately preceding the effective date of this Agreement.
- D. Authorization: In the event Vendor is an entity other than a sole proprietorship, Vendor represents that it has taken all action necessary for the approval and execution of this Agreement, and execution by the person signing on behalf of Vendor is duly authorized by Vendor and has been made with complete and full authority to commit Vendor to all terms and conditions of this Agreement which shall constitute valid, binding obligations of Vendor.
- E. Financially Solvent: Vendor warrants that it is financially solvent, is able to pay all debts as they mature and is possessed of sufficient working capital to perform all obligations under this Agreement. Vendor shall not allow any of its Staff to have contact with a student until a Records Check has been conducted for that person and the results of the Records Check satisfy the requirements of 105 ILCS 5/34-18.5 and the requirements of all other Acts and Laws referenced in this Section, as may be amended. Within fifteen (15) business days before any Staff has contact with any students and on or before the Agreement's anniversary date(s) during the Term and any Renewal Term, Vendor shall submit a written report to the CPS's Chief Officer of Safety & Security and/or its Deputy Chief of Network Security ("CPS Safety Officer"). Vendor shall immediately notify the STS if Vendor receives a 'Conditional' or 'Unsatisfactory' safety rating.

17. Independent Contractor: It is understood and agreed that the relationship of Vendor to the Board is and shall continue to be that of an independent contractor and neither Vendor nor any of Vendor's employees shall be entitled to receive Board employee benefits. As an independent contractor, Vendor agrees to be responsible for the payment of all taxes and withholdings specified by law which may be due in regard to compensation paid by the Board. To the extent that Vendor is subject to taxes under Section 4980H of the Internal Revenue Code, Vendor shall be solely responsible for paying such taxes. Vendor agrees that neither Vendor nor its employees, staff or subcontractors shall represent themselves as employees or agents of the Board. Vendor shall provide the Board with a valid taxpayer identification number as defined by the United States Internal Revenue Code, including but not limited to, a social security number or federal employer identification number. In the event that the Board is determined to be liable for taxes under Section 4980H of the Internal Revenue Code as a result of the use of Vendor's employees under the Agreement, Vendor shall indemnify the Board for any such liability.

Any driver under lease, contract or other written contract with Vendor to operate a vehicle hereunder shall be deemed Vendor's subcontractor for purposes of this Agreement, and such arrangement shall be subject to the Agreement's provisions relating to subcontractors.

18. Indemnification: Vendor agrees to defend, indemnify and hold harmless the Board, its members, employees, agents, officers and officials from and against liabilities, losses, penalties, damages and expenses, including costs and attorney fees, arising out of all claims, liens, damages, obligations, actions, suits, judgments or settlements, or causes of action, of every kind, nature and character (collectively, "Claims") arising or alleged to arise out of the acts or omissions of the Vendor, its officers, agents, employees and subcontractors in the performance of the Agreement. The foregoing obligation extends to and is intended to encompass any and all Claims that the Services infringe, misappropriate, or otherwise violate any confidentiality, proprietary, or intellectual property right of a third party.

Furthermore, as stated in Section 17 above, in the event that the Board is determined to be liable for taxes under Section 4980H of the Internal Revenue Code as a result of its use of Vendor's employees under the Agreement, Vendor shall indemnify the Board for any such liability. As stated in Section 14.E above, in the event of unauthorized access, use, or disclosure of the Board's Confidential Information arising or alleged to arise from the acts or omissions of Vendor, its employees, agents, or subcontractors, in addition to the obligations provided in this Section, Vendor shall cover any costs or fees associated with (i) providing notices of a data breach to affected persons and to regulatory bodies and (ii) remedying and otherwise mitigating any potential damages or harm from the data breach including, but not limited to, call centers and providing credit monitoring or credit restoration services as may be requested by the Board.

Vendor shall, at its own cost and expense, appear, defend and pay all attorney fees and, other costs and expenses arising hereunder. In addition, if any judgment shall be rendered against the Board in any such action, the Vendor shall, at its own expense, satisfy and discharge such obligation of the Board. The Board shall have the right, at its own expense, to participate in the defense of any suit, without relieving the Vendor of any of its obligations hereunder. The Board retains final approval of any and all settlements or legal strategies which involve the interest of the Board.

However, if Vendor, after receiving notice of any such proceeding, fails to immediately begin the defense of such claim or action, the Board may (without further notice to Vendor) retain counsel and undertake the defense, compromise, or settlement of such claim or action at the expense of Vendor, subject to the right of Vendor to assume the defense of such claim or action at any time prior to settlement, compromise or final determination thereof. The cost and expense of counsel retained by the Board in these circumstances shall be borne by Vendor and Vendor shall be bound by, and shall pay the amount of, any settlement, compromise, final determination or judgment reached while the Board was represented by counsel retained by the Board pursuant to this paragraph, or while Vendor was conducting the defense.

To the extent permissible by law, Vendor waives any limits to the amount of its obligations to defend, indemnify, hold harmless, or contribute to any sums due under any losses, including any claim by any employee of Vendor that may be subject to the Workers Compensation Act, 820 ILCS 305/1 *et seq.* or any other related law or judicial decision (such as *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2nd 155 (1991)). The Board, however, does not waive any limitations it may have on its liability under the Illinois Workers Compensation Act, the Illinois Pension Code, any other statute or judicial decision.

The indemnities set forth herein shall survive the expiration or termination of this Agreement.

19. **Non-Liability of Board Officials:** Vendor agrees that no Board member, employee, agent, officer or official shall be personally charged by Vendor, its members if a joint venture or any subcontractors with any liability or expense under the Agreement or be held personally liable under the Agreement to Vendor, its members if a joint venture or any subcontractors.

Pursuant to Section 12-707.01 (c) of the Illinois Vehicle Code, this requirement may be met by securing surplus line insurance as defined under Section 445 of the Illinois Insurance Code. If the excess or umbrella liability coverage requirement is met by securing surplus line insurance, that coverage must be effected through a licensed surplus line producer acting under the surplus line insurance laws and regulations of the State of Illinois. Vendor shall be responsible for all physical damage to the vehicles.
- E. Any failure of the Board to demand or receive proof of insurance coverage shall not constitute a waiver of Vendor's obligation to obtain the required insurance. The receipt of any certificate does not constitute agreement by the Board that the insurance requirements in the Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all Agreement requirements. Vendor's failure to carry or document required insurance shall constitute a breach of the Vendor's Agreement with the Board. In the event Vendor fails to fulfill the insurance requirements of the Agreement, the Board reserves the right to stop the Services until proper evidence of insurance is provided, or the Agreement may be terminated.

Any deductibles or self-insured retentions on referenced insurance coverage must be borne by Vendor. Any insurance or self-insurance programs maintained by the Board of Education do not contribute with insurance provided by the Vendor under the Agreement.

All subcontractors are subject to the same insurance requirements of Vendor unless otherwise specified in the Agreement. The Vendor shall require any subcontractors under the Agreement to maintain comparable insurance naming the Vendor, the Board inclusive of its members, employees and agents, and any other entity designated by the Board, as Additional Insureds.

The Vendor will maintain a file of subcontractor's insurance certificates evidencing compliance with these requirements.

The coverages and limits furnished by Vendor in no way limit the Vendor's liabilities and responsibilities specified within the Agreement or by law. The required insurance is not limited by any limitations expressed in the indemnification language in the Agreement, if any, or any limitation that might be placed on the indemnity in the Agreement given as a matter of law.

Vendor agrees that insurers waive their rights of subrogation against the Board.

Vendor must register with the insurance certificate monitoring company designated by the Board and indicated below, and must maintain a current insurance certificate on file during the entire time of providing Services to the Board. - 23. Liquidated Damages:** Because of the difficulty in ascertaining and quantifying the actual damages which the Board may sustain should the Vendor fail to perform Services as required under this Agreement, the Board and Vendor agree that the Board shall have the right to assess liquidated damages for each failure by the Vendor to perform the Services required under this Agreement. The amount of liquidated damages for each such failure by the Vendor shall be assessed on a fixed amount basis. The Board and the Vendor further agree that the imposition of liquidated damages is a reasonable measure of the Board's damage.

Vendor agrees to pay such amounts as fixed, agreed and liquidated damages, and not by way of penalty, to the Board and further authorizes the Board to deduct the amount of the damages from money due the Vendor under this Agreement. If the monies due the Vendor are insufficient or no monies are due the Vendor, Vendor shall pay the Board the amount(s) within thirty (30) calendar days after receipt of a written demand by the Board.

The Board shall have the right to elect not to assess liquidated damages in its sole discretion and determination. However, failure by the Board to assess liquidated damages in any particular instance or occasion shall not preclude, or constitute a waiver, of the Board's right to assess such damages at a later time, or on a subsequent occasion. The Board's right to assess liquidated damages shall not preclude the assertion of, or be exclusive of, any other available remedy including the right to terminate this Agreement, in whole or in part, or the right to seek damages for an unspecified amount

This Agreement will be posted on the CPS internet website.

Any service issue resulting in an assessment of liquidated damages may also result in loss of route or loss of all routes serving a school as determined appropriate by STS. Service issues that STS identifies with normal school year start-up which occur during the first five (5) days of school will not be assessed liquidated damages. Liquidated damages will not be assessed if lateness results from "Force Majeure".

The Board may assess liquidated damages in amounts set out below, on i) an 'each individual incident' basis, ii) an "each occurrence" basis or iii) an "each day" basis. Liquidated damages assessed on an "each individual incident" basis will be assessed each time the infraction occurs. On or before June 1, 2015, and on or before every June 1 thereafter, the City of Chicago may issue bulletins announcing adjustments to the Minimum Wage for the upcoming year.

The Minimum Wage is not required to be paid to employees whose work is performed in general support of Vendor's operations, does not directly relate to the services provided to the Board under the Agreement, and is included in the contract price as overhead, unless that employee's regularly assigned work location is on property owned or controlled by the Board. It is also not required to be paid by employers that are 501(c)(3) not-for-profits.

The term 'employee' as used herein does not include persons subject to subsection 4(a)(2), subsection 4(a)(3), subsection 4(d), subsection 4(e), or Section 6 of the Illinois Minimum Wage Law, 820 ILCS 105/1 et seq., in force as of the date of this Agreement or as amended. Nevertheless, the Minimum Wage is required to be paid to those workers described in subsections 4(a)(2)(A) and 4(a)(2)(B) of the Illinois Minimum Wage Law.

The Minimum Wage is not required to be paid to employees subject to a collective bargaining agreement that provides for different wages than those required by the Board's Resolution, if that

collective bargaining agreement was in force prior to December 17, 2014 or if that collective bargaining agreement clearly and specifically waives the requirements of the Resolution.

If the payment of a prevailing wage is required and the prevailing wage is higher than the Minimum Wage, then the Vendor must pay the prevailing wage.

Audit and Records Retention:** Vendor shall permit and cooperate in good faith in any audits by the Board, including its Department of Procurement, or its agents for compliance by the Vendor with this Agreement. Vendor shall furnish the Board with such information, supporting documentation and reports as may be requested relative to the progress, execution and costs of the Services and compliance with applicable MBE/WBE requirements. Failure of the Vendor to comply in full and cooperate with the requests of the Board or its agents shall give the Board, in addition to all other rights and remedies hereunder, the right to charge the Vendor for the cost of such audit.

Vendor shall retain all records relating to Vendor's Services under this Agreement for five (5) years after the termination or expiration of this Agreement and such records shall be subject to inspection and audit by the Board. If any audit, litigation or other action involving the records is being conducted or has not been resolved, all applicable records must be retained until the proceeding is closed. As used in this clause "records" includes correspondence (including emails), receipts, vouchers, memoranda and other data, regardless of type and regardless of whether such items are in written form, electronic, digital, or in any other form. Vendor shall require all of its subcontractors to maintain the above-described records and allow the Board the same right to inspect and audit said records as set forth herein.

Period of Performance: August 1, 2017 until July 31, 2020

This Scope of Services shall be conducted pursuant to the terms and conditions of the above-referenced Board Report and the Student Transportation Services Agreement dated August 1, 2017 ("**Agreement**") between **A.M. Bus Company** ("**Vendor**") and the Board of Education of the City of Chicago, commonly known as Chicago Public Schools (the "**Board**" or "**CPS**"). Defined terms used in this Scope of Services shall have the same meaning as those ascribed to such terms in the Agreement.

I. SERVICES:

Vendor shall provide the Board with student transportation services (including vehicles, equipment, materials, labor and other required services) ("**Services**") for students participating in the following programs:

- ❖ Special Education (ambulatory and non-ambulatory) attending non-CPS facilities in and around the City of Chicago,
- ❖ Students in Temporary Living Situations,
- ❖ Alternative School programs,
- ❖ Other Programs as may be authorized by the Board's Executive Director of Transportation, and/or
- ❖ Field Trips.

There are eight (8) zones (each a "Zone") within the Board's district. The Zones were created based on traffic density within certain sections of the city as well as stop density. A map of the Zones with Zone descriptions are set forth in Attachment 1 to this Agreement.

Vendor shall provide 125 buses in the following Zone(s): Zone 1 (2 buses only), Zone 2 (2 buses only), Zone 3 (6 buses only) and Zones 4-8. All Services will be provided pursuant to this Agreement and will be at the prices set forth in Exhibit B.

Development of Routes:

The Board's Department of Student Transportation Services ("STS") shall develop run and routes generated by its routing team and provide such to the Vendor. STS retains the authority to require routes to be "paired" or "shared". STS reserves the right to design a shared run that serves students attending more than one school. Classifying a route as a single (first), paired (second), double paired (third) or shared route will be at discretion of the STS team. Routes, changes or assignments not authorized by STS in advance will only be approved for payment at the discretion of STS.

This Agreement will be posted on the CPS internet website.

Vendor shall review all route schedules issued by STS for operational characteristics and make suggestions for more efficient routing. Modifications to routes must be approved by STS prior to implementation.

Vendor's refusal of route assignment(s) which are within the quantity of buses awarded and the zone specific volume to the Vendor constitutes partial cancellation of that number of routes for the duration of the Agreement and is a breach of this Agreement subjecting the Vendor to all other Board remedies.

Vendor must be capable of adjusting routes schedules and Services within thirty six (36) hours after notice of such change is received from STS.

Students with disabilities must be transported by Vendor in accordance with the Board's direction. Vendor shall remain responsible for each student with disabilities until the student is met by an authorized, responsible adult or as otherwise directed by school officials.

Field, Athletic or Special Trip Service:

Field, Athletic and/or Special Trip Services are trips that are scheduled to transport students to various activities both on School and Non-School Days, as defined below. Field, Athletic, and/or Special Trip Services shall be provided in accordance with this Agreement and the rates charged by Vendor for such Services shall not exceed the maximum rates identified in **Exhibit B**.

School Day: Service will commence between morning and afternoon routes on days that school is in session. Schools, CPS Departments and the Board may contact the Vendor to schedule this service and each is responsible for the cost. Also, field trip service between morning and afternoon routes may be required for the transportation of (non-student) adults participating in certain programs sponsored by the City of Chicago.

Non-School Day: Service occurs after school hours or on weekends or holidays. Schools, CPS Departments and the Board may contact the Vendor to schedule this service and each is responsible for the cost. Also, field trip service may be required as authorized by the Board for the transportation of (non-student) adults participating in certain programs sponsored by the City of Chicago.

Rapid Response Fleet:

Vendor will provide 0 rapid response ("Rapid Response") fleet buses under this Agreement. Vendor must provide the Board with a dedicated on-call fleet. These buses will be under the direct dispatch control of the Board. The hours of service and service provided will be determined by the Board but in no case shall less than eight (8) hours of service per day be required.

Vendor shall be paid for Rapid Response assignments on a daily rate basis as indicated in **Exhibit B**.

If Vendor is providing Rapid Response fleet buses, the following shall apply:

1. Vendor shall respond to STS radio calls within five (5) minutes.
2. Vendor's driver must have a minimum of three (3) years school bus driving experience and the same driver must be assigned daily. Changes in drivers assigned must be approved in writing in advance by STS. The drivers assigned must be agreeable to and capable of navigating throughout the city and suburbs. In case of absence of an assigned driver an approved substitute must be assigned. Each bus must be equipped with a detailed street map book of the City of Chicago and Suburbs provided by Vendor and a current CPS school directory provided by STS.
3. STS retains authority to schedule Rapid Response buses as are deemed necessary to accommodate needs. *Daily assignments by STS of Rapid Response buses may be made throughout the City and suburbs at the discretion of the STS.*
4. Vendor agrees that each Rapid Response bus awarded is equipped with a Nextel Cellular/2-Way Radio Phone. Vendor is responsible for the purchase of a Nextel Cellular/2-Way Radio Phone approved by STS for each Rapid Response bus awarded and one Nextel Cellular/2-Way

This Agreement will be posted on the CPS internet website.

Radio Phone to be used by STS in contacting the Rapid Response drivers. Vendor shall also be responsible for the monthly service fee for all radio phones provided. All radio phones must be functional one week prior to the school year starting. The Vendor shall be responsible to replace any lost or stolen radio phone used by a rapid response driver. STS shall be responsible for replacing any lost or stolen radio phone used by STS staff. STS shall coordinate the acquisition of all radio phones and monthly service. The purpose of the STS coordination is to ensure that all Rapid Response drivers can be contacted by STS using radio phones supplied by the Vendor. The cellular phone capabilities of all Radio Phones may be turned off.

5. Vendor agrees that buses and drivers used to provide Rapid Response Service are required to be dedicated to this task. If Vendor's drivers and/or vehicles are unable to meet the Rapid Response Service needs, Vendor agrees to replace such driver and/or vehicle immediately upon request of STS. Daily check-in and check-out shall be as directed by STS. All Rapid Response daily assignments shall be made by the STS. Vendor shall ensure that drivers shall keep a daily log of their assignments and, if requested by the STS, the log shall be attached to the monthly invoice for payment.

6. For a bus required by STS to provide Rapid Response Service in excess of eight hours per day, Vendor shall be paid at the rate of twenty-two dollars (\$22.00) per hour, broken at quarter hour increments for such extended service.

A. Start-Up Readiness Requirements

No more than thirty (30) days prior to the Effective Date of the Agreement and annually, no more than thirty (30) days prior to each school year thereafter, Vendor shall demonstrate its operational readiness to conduct smooth school year startup operations and satisfactorily run all routes assigned to Vendor. The Vendor shall demonstrate operational readiness and the ability to conduct a satisfactory school start up by submitting the following to STS in accordance with the schedule and timelines established by the STS:

 - d) Current list of bus aides

Vendor is required to maintain the above information on drivers, bus aides and vehicles in a database specified by STS on a monthly schedule as determined by STS. No driver, bus aide or vehicle is to be used by the Vendor to operate a CPS-contracted bus route prior to submitting required information into said database. Only then shall STS approve such drivers, bus aides and vehicle to operate CPS routes.

3. Evidence of management personnel with sufficient skills, experience and resources to ensure that all Services are satisfactorily delivered hereunder, including without limitation:
 - a) List of management personnel along with their defined responsibilities, including those individuals responsible for terminal management, supervision of drivers and bus aides, dispatching drivers and vehicles, safety functions and supervision of mechanical staff, management of GPS equipment and data, management of invoicing, and any other information requested by the CPO.

 - a) Certificate of insurance
 - b) Performance bond
 - c) Applicable operating licenses and registrations

This Agreement will be posted on the CPS internet website.

STS reserves the right to conduct a site visit of Vendor's facilities in order to view Vendor's operations and practices. When an on-site readiness audit is scheduled, Vendor shall make its facilities, vehicles and records available for operational readiness inspection by STS.

Further, STS reserves the right to require Vendor to provide an oral presentation concerning the financial condition of the Vendor, the recruitment of drivers and bus aides, the training of drivers and bus aides, the purchase and delivery of buses, and such other matters as they relate to operational readiness.

Vendor agrees to fully cooperate with STS's efforts to ascertain the Vendor's operational readiness status and timely response to all questions and requests for information in this regard. STS shall evaluate the information provided by Vendor along with information gathered in on-site readiness audits and from other relevant sources to determine the operational readiness of the Vendor.

STS shall provide any and all noted deficiencies related to operational readiness to the Vendor for correction. If the Vendor is not able to satisfactorily and timely correct the readiness deficiencies, the Executive Director of STS shall notify the Vendor of any award reductions or other remedy imposed that result from STS finding that Vendor has failed to demonstrate operational readiness.

PRICING FOR SERVICES

A.M. Bus Company ("Vendor")

Board Report No. 17-0322-PR10-1

Period of Performance: August 1, 2017 until July 31, 2020

Vendor shall be paid in accordance with this Agreement and at the rates set forth below:

The pricing is based on 8 zones within the Board's district.

The zones were created based on traffic density within certain sections of the city as well as stop density. Factors such as percentage of runs ending in the same zones/neighboring zones, size of the zones, and distance to current vendor base terminals were also used to determine the 8 zones. The pricing structure contains two different components:

The Fixed Fee Zone Rate is paid daily per bus and will cover the following items: Non-driver Wages, Taxes & Licenses, Insurances, Overhead, Administrative Fees, Depreciation, Interest/Amortization, Driver Wages, Profit, and any other costs outside of the Fixed Fee - Cost Per Mile.

The Fixed Fee - Cost Per Mile - is paid daily per mile based on calculated live miles as described in the Agreement and will cover all maintenance, repairs, and fuel costs.

- The Fixed Fee - Cost Per Mile will be based on the calculated live miles for the run.
- The calculated mileage is not the actual miles driver drives which may vary by driving conditions such as weather or traffic. Mileage is obtained from the routing software and excludes deadhead miles.
- The Board will calculate/update new mileage as soon as the route is entered/alterd in the routing software.
- The fixed rate will apply only once per day.
- The destination zone refers to the zone the school will be located of the final morning run.
- In case of tiers (pairs) the applicable zone will be the zone of the school of the last run (in case of a pair this would be the second run)
- Less than 0.3% of runs fall outside of Chicago City boundaries. CPS will use the closest zone price to calculate the fixed cost in these instances.
- A route refers to all the runs made by a single bus in a day.
 - Minimum mileage determinations:
 - In the case of first runs, the Board is ensuring that the Vendor's round trip first run mileage will average 22 miles per day. The average applies to the aggregate number of first runs (both AM and PM) operated across all Zones. In the case of only an AM or only the PM portion of a run is operated, 11 miles and 0.5 runs will be used in the calculation. A monthly calculation will be made purposes of this payment.
 - Mileage for the second (2nd) runs in the morning and the second (2nd) runs in the afternoon will be paid a minimum of six (6) miles for each morning and afternoon run(s).
 - Any additional runs (third or fourth) are not subject to a mileage minimum.
 - Mid-Day Runs: Mid-Day runs will be paid per mile; based on a minimum of 10 guaranteed miles.

This Agreement will be posted on the CPS internet website.

- Shared Runs: Shared runs will be paid an additional \$15.00 for every school after the first school per day on top of the standard rates.

The Board requires that the rates be honored for the first year. Vendor is encouraged to pro-actively mitigate increases in operating costs and will be evaluated based on its program to do so in order to help reduce costs to the transportation program. A rate adjustment can be made on an annual basis to the fixed zone rate and by 50% to the fixed fee cost per mile rate if the Vendor documents to the Board's Chief Procurement Officer, through written financial analysis, the need for such adjustment. The adjustment cannot exceed the Consumer Price Index, All Urban Consumers, All Items less Energy, Not Seasonally Adjusted, Chicago-Gary-Kenosha Area.

	Method	Type	Applies to	Frequency of Adjustment	Example
CPI	Based on Index, difference in Index from last calculation	Forward Adjustment to rate	Fixed Zone Rate at 100% and Fixed Fee cost Per Mile rate at 50%	Annually	Current: Fixed rate = \$100. Per mile rate = \$4/mile CPI 2016: 4% Forward: Fixed rate = \$100 * 1.04 = \$104 . Per mile rate = \$4 * 1.02 = \$4.08/mile

The Board has a standard fuel surcharge policy in place. For every 7 cents increment in fuel price, a surcharge of 1 cent/mile (live mile) will be paid. The fuel surcharge will be adjusted quarterly from the baseline.

	Method	Type	Applies to	Frequency of Adjustment	Example
Fuel Surcharge	Based on Table provided, total calculated miles per supplier	Forward Credit or Debit	80% at Calculated Miles	Quarterly	<ul style="list-style-type: none"> • Total Calculated miles for Supplier A for Q1 = 10,000 • Fuel at time of Adjustment = \$2.39 Fuel Surcharge Pay @ \$2.39 based on table = \$0.08/mile • Total Credit: = 10,000 * \$0.08 = \$800 for Supplier A for Q1 • Fuel Policy Base Price is \$1.81-1.87

Fuel Surcharge Policy

The fuel surcharge policy shall apply to all the buses and will be based on the scale set below. Adjustment to the fuel rate will be made on 1st day of each quarter based on the OPIS PADD report diesel fuel price. The new diesel price will be calculated based on average recent quarter price. The table is designed to compensate approximately 80% of fuel price changes based on calculated miles.

The Fuel surcharge will be adjusted quarterly from the baseline.

Revised Protocol for Children Left Stranded (As of 2/22/16)

Historically, CPS has been faced with the dilemma of what to do with children who have not been picked up from school by the close of our business day, or who have no one to meet their bus. When a student is stranded, because a parent, guardian, or emergency contact does not come to pick him/her up, or a responsible adult is not available to meet the bus, specific procedures must be followed:

A. Students who are stranded at school

If, after school, a parent/guardian or person on the student's emergency contact form does not pick up a student who cannot travel home independently, the following steps should be taken:

1. The Principal or the Principal's designee, who must be a member of the professional educational staff of the school building, will remain with the student until the student is picked up by a parent, guardian, or emergency contact OR until a police officer or *Department of Child and Family Services Division of Child Protection Investigator* (CPI) takes *protective custody* of the student.

IMPORTANT: It is best practice for two employees, at least one of whom is an educational professional (Teacher, Teacher's Aide, Assistant Principal, or Principal), to remain with the student stranded at the school building.

2. School staff shall call the parent or guardian who usually picks up the student. If that person cannot be reached, staff should leave a voice message, if possible, stating, "If the parent, guardian, or emergency contact does not come to the school to pick up the child by **4:30 p.m.**, the school will be obligated to call the *Chicago Police Department* and the *Department of Child and Family Services* Hotline to report child neglect." Staff should leave the same voice message with all emergency contacts.
3. If by 4:30 p.m., the parent, guardian, or emergency contact has not been reached and/or no one has come to pick up the student, school staff shall call:
 - a. DCFS Hotline at 1-800-25-ABUSE (252-8273) to report child neglect; and
 - b. CPS Student Safety Center at 773-553-3335 to explain that a student is stranded and to provide the *student's emergency contact* information.
 - c. Please have the principal or school call the Safety Center when the outcome is determined, specifically the school or principal should let the Safety Center know when the student is picked up by parent/guardian/emergency contact, or when police has picked student up from school or principal has dropped the student off at the Police Station with Watch Commander.
4. *The CPS Student Safety Center* shall:
 - a. Continue to attempt to locate the parent, guardian, or emergency contact;

- b. Arrange for the *Chicago Department of Family and Support Services* to provide transportation if the parent, guardian or emergency contact requires assistance to get to school;
- c. As a last resort, call 911 to ask the police to come to the school to take protective custody of the student;
- d. If the police decline to come to the school, advise the Principal or his/her designee that they may transport the student to the local police station, and ask to speak to the Watch Commander.

IMPORTANT: At least one school employee shall always remain with the student at school or the police station until the parent, guardian, or emergency contact arrives or until a CPI or Police Officer takes *protective custody* of the student.

B. Students who are undeliverable by a school bus

If, after school, a parent/guardian or person on the student's emergency contact form is not available when the student is delivered by a school bus, the following steps should be taken:

1. The Bus Driver or Bus Aide shall call the bus company dispatch office. The Bus Driver shall wait 10 minutes. If after 10 minutes, a parent, guardian, or emergency contact has not arrived, a flyer shall be left on the door of the home where the student is dropped off, listing the number of the bus company Dispatcher and indicating that if the parent, guardian, or emergency contact has not contacted the Dispatcher by 4:30 p.m., a report of child neglect will be made to the *Illinois Department of Children and Family Services Hotline*.
2. The Dispatcher must contact CPS Student Transportation (STS) at 773-553-2860. STS will work to find other contact information for the parent or guardian.
3. If not resolved, STS shall call the *CPS Student Safety Center* at 773-553-3335.
4. The *CPS Student Safety Center* shall:
 - a. Call the Principal to arrange for an educational professional to be present at the school when the Bus Driver returns the student to the school;
 - b. Call all individuals listed on the emergency contact form to ask them to contact the Bus Company Dispatcher. If there is no answer, if possible, leave a voice message requesting that they contact the bus company Dispatcher and indicating that if a parent, guardian, or emergency contact person does not come to the school by **4:30 p.m.**, the school will be obligated to call the *Department of Children and Family Services Hotline* to report child neglect;
 - c. Arrange for the *Chicago Department of Family and Support Services* to provide transportation if the parent, guardian, or emergency contact requires assistance to get to the school.
5. At the end of the bus route, if the parent, guardian, or emergency has not arranged to pick up the student, the bus driver shall return to the school and deliver the student to an education professional (Teacher, Teacher's Aide, Assistant Principal, or Principal).

Revised Protocol for Children Left Stranded

Page 3 of 3

6. At 4:30 p.m., if a parent guardian or emergency contact has not come to pick up the student the school shall:
 - a. Call the *Department of Child and Family Services* Hotline at 1-800-25-ABUSE (252-2873) to report child neglect;
 - b. Call the police to take *protective custody* of the student;
 - c. If the police decline to come to school, advise the Principal or his/her designee that they may transport the student to the local police station and ask to speak to the Watch Commander.
 - d. Please have the principal or school call the Safety Center when the outcome is determined, specifically the school or principal should let the Safety Center know when the student arrives back at the school from the bus, when the student is picked up by parent/guardian/emergency contact, or when police has picked student up from school or principal has dropped the student off at the Police Station with Watch Commander.

IMPORTANT: At least one school employee shall always remain with the student at the school or the police station until the parent, guardian, or emergency contact arrives or until a CPI or Police Officer takes *protective custody* of the student.

Thank you for your continued cooperation and for complying with the rules and guidelines for Chicago Public Schools.
